

# Planning Insurance

Are you purchasing a property where planning documents are missing or there has been a breach of planning? The Town Hall could impose fines or penalties or even force you to demolish the illegal works!

## **WHAT ARE YOUR OPTIONS IF YOU WANT TO PROCEED WITH THE PURCHASE SAFELY?**

- Take the risk yourself – will the bank or a future purchaser take the same view?  
Do you want this financial risk hanging over your head?
- Negotiate a reduction in the purchase price – this could delay the transaction or you could be at risk of being gazumped
- Approach the Town Hall for retrospective consent – this could take a long time, uncertain costs involved, they may say no!
- Purchase Planning Insurance through DUAL Asset Underwriting
